EDUCATION

CHANDIGARH UNIVERSITY
BE in Computer Science
Jun 2024 | Punjab,INDIA
CGPA 8.24 / 10.0

NARAYANA JUNIOR COLLEGE
May 2018-2020 | Hyderabad, INDIA
Percentage : 93.20

SITABAI SANGAI SCHOOL
May 2018 | Anjangaon, INDIA
Percentage : 88.80

COURSEWORK

UNDERGRADUATE
• Object Oriented Programming
• Operating System
• Data Structure and Algorithms
• Computer Network
• RDBMS

SKILLS

PROGRAMMING

• C++
• Python
• sql
• Javascript

FRAMEWORK/LIBRARY

• ReactJS
• Django

TECHNOLOGIES

• Rest API
• NodeJS
• Github
• MySql
• Git

INTERPERSONAL SKILLS
• Problem Solving
• Teamwork

PROJECTS| TRAINING

VIRTUAL FITTING ROOM

• Leveraged advanced computer vision Cutting-Edge Technologies for Enhanced Virtual Try-On Experience

• Developed and implemented Convolutional Neural Networks (CNN) for accurate and realistic clothing item detection and fitting simulations.

• Designed a user-friendly interface that enables real-time clothing try-ons using the developed virtual fitting room.

EMOJIFY

•Designed Realtime application to mapped emotion to emoji using Machine Learning

• Build using Tensorflow,OpenCV,CNN algorithm,Classification .

• Achieved an accuracy of over 85 through testing and evaluation of the model.

ONLINE EXAMINATION SYSTEM

•Designed web application to perform the online examination using CSS,JS,DjangO,ReactJs and NodeJS.

• Where an admin can add questions and Types ofthe examination depends on the category

• Admin can add the exam type can modify complete database Like add user, delete the user, Add new exams, Add question answer, and so on.

CERTIFICATIONS | AWARDS

• Certified in NPTEL Course (Programming in Modern CPP)

• Software Testing - NPTEL

• FrontEnd Devlopment with React -Coursera

ACADEMIC ACHIEVEMENTS

• Volunteered at a university for codechef event
